After this they went and broke the glass in the door. Fishing in Lake Not to be Restricted During Summer-Meeting to Organize Home Guard-Official Board Meeting of Methodist Church.

The law recently reported to have been passed concerning fishing at the Moosup lake has been amended to some extent. The law now reads that winter fishing will be stopped for three years but in regard to summer fishing there will be no restrictions made. The law now allowing the people to fish the lake summers appears to be very satisfactory, as the lake is used by many as a place for recreation during the warm months. This amendment will matter very little in the number of fish taken from the lake, as there are very few large catches as there are very few large catches made during the summer, the large catches being nearly always made through the ice.

Official Board Meeting. There was an official board meeting Monday evening in the Methodist thurch vestry for the purpose of completing the organization of the church departments for the next conference year. The report of the recording steward was given.

A meeting was held in Odd Fellows' hall Saturday evening for the purpose of organizing a home guard company in conformity with the home guard bill recently passed by the legislature. Representative Williams, a member of the military committee in the legislature, explained the contents of the law to the men present. He declared that it was a real delicious dish.

Mr. Gerosia does not succeed in getting by every day at this cost but if necessity forced him to be so sparing he would rely on this dish, so reasonable in price and yet strengthening.

> DRAW A MOIST CLOTH THROUGH HAIR AND DOUBLE ITS BEAUTY AT ONCE.

SAVE YOUR HAIR! DANDRUFF DISAPPEARS AND HAIR STOPS COMING OUT.

Immediate?—Yes! Certain?—that's the joy of it. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after an application of Danderine. Also try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil, and in just a few moments you have doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected or is scraggy, faded, dry, brittle or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few week's use, when you see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful. exhibitating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful.
